Product Information and Approval Process

In accordance with the FCA's Product Intervention and Product Governance Sourcebook ('PROD') rules ERGO UK has completed product review and fair value assessments ('FVAs') across all its products. ERGO UK FVAs considered the performance of products against a number of areas including, but not limited to:

- Product Oversight and Governance Arrangements
- Target Market
- Pricing
- Distributor Oversight
- Remuneration

In considering and assessing fair value ERGO UK analysed all appropriate and necessary management information ('MI').²

¹ In line with PROD 4.2.34R and PROD 4.2.34B R, ERGO will undertake a review every 12 months or more frequently where the potential risk associated with the product makes it appropriate to do so. ERGO will apply a risk-based approach to product governance and continuously review products to ensure ongoing fair value for customers in the target market.

² The MI used to assess fair value are classed as commercially sensitive to ERGO UK and have therefore not been disclosed in this Assessment.

All products have been subject to full review, the FVA shows that this product meets the target market needs and continues to provide fair value to customers in the target market and will continue to do so for a reasonably foreseeable period (including following renewal). The FVA results were satisfactory and aligned with ERGO UK's expectations of its products.

The distribution strategy is considered appropriate for the target market, with customers able to purchase the product through a distributor of their choice.

Additional commission, fees and charges added by a distributor as part of the distribution process must be proportionate to the service provided, aligned to those charged elsewhere, and not affect the overall value offered by the product.
